

Product Datasheet

Portable self-contained eye wash - 28 L / 7.4 US gal

STD-58G

Perfect as a secondary safety measure to supplement fixed installation eye/face wash units. The push plate activation releases the protective dust covers from the diffusers and delivers 1.5 litres per minute of water for up to 15 minutes. For decontamination of body parts subjected to minor contamination, an optional Optiflex can be fitted to the unit.
