

Product Datasheet

Mobile self-contained hand washing station

HW40K

Self-contained, 114 liter (30 US Gallon) capacity hand washing station provides a reliable way for personnel to ensure they are able to manage an effective hygiene regime, whatever the location. Featuring a soap and paper towel dispenser, the hand washing station delivers a controlled flow of water to perform approximately 150 hand washes* from a full unit.

- Stainless-steel frame and large pneumatic tires aid portability
- Hands-free foot activation for ease of use
- Simple to fill with a standard garden hose
- Can act as a supplement to permanent installations
- Suitable for indoor or outdoor use
- Optional sump (and ramp) available to contain used water
